

# Holidays Homework

CLASS-5<sup>th</sup>

---

## Dear Parents,

“We should live everyday like it is a holiday, being thankful and spending time with family and looking hopefully to the future”.

There is no doubt that vacations are the most appropriate time for the students to refresh and rejuvenate themselves to showcase their performance more enthusiastically. Children have ample energy which needs to be channelized in the right direction to get the best out of them.

Keeping this in mind the holiday homework has been designed to make them more observant and confident. Students must remember to complete all their Homework and submit it to the respective teachers upon their arrival at the school after vacations. **School will re-open on 6<sup>th</sup> July 2026.**

## General Instructions:-

1. Get up early in the morning and go out for a walk daily.
2. Listen to news daily and read the news headlines.
3. Watch National Geographic, History and Discovery channels to enrich your general knowledge.
1. Subject based questions must be done in Holiday Homework Notebooks.
2. Show your best creativity and make colorful projects. Use good quality of sketch or glitter pens for writing headings only, text should be handwritten with blue or black pen.
3. Time Table must be made. Holiday Homework must be done over a period of one month. Don't consider Holiday Homework as a burden.

#### **Reading Passages**

##### **1. The Sunny Garden**

Tim loves his small garden. Every morning, he puts on his blue hat and grabs a heavy watering can. He waters the red roses and the yellow sunflowers first. Tim's favorite part of the garden is the vegetable patch where green peas grow. He pulls out tiny weeds so the plants have room to breathe. Sometimes, a fuzzy bee lands on a flower, and Tim watches it quietly. He knows the bees help his garden grow. By noon, the sun is very hot, so Tim goes inside to drink cold lemonade. He feels happy when he sees his garden blooming brightly under the summer sky.

Answer the following Questions:

1. What color is Tim's hat?
2. Why does Tim pull out weeds?

#### **T/F:**

1. Tim waters the vegetables first.
2. A bee lands on a flower.

#### **MCQ:**

### 2. Sarah's First Flight

Sarah was nervous about her first airplane trip. She packed her favorite teddy bear in her backpack. At the airport, she saw huge planes taking off into the clouds. When she boarded the plane, a kind flight attendant showed her to her seat by the window. Sarah buckled her seatbelt tightly. As the engines roared, the plane sped down the runway and lifted into the air. Sarah looked down and saw houses that looked like tiny toys. The pilot told the passengers they were flying at 30,000 feet. Sarah ate a snack and drew a picture. Before she knew it, the plane landed safely in Florida. She wasn't scared anymore.

#### Answer the following Questions:

1. Where did Sarah sit?
2. What did the houses look like from the air?

#### T/F:

1. Sarah forgot her teddy bear.
2. The flight ended in Florida.

### 3. The Helpful Robot

In the year 2050, every house had a "Helper-Bot." Leo had a robot named Sparky. Sparky was silver with glowing blue eyes. Unlike humans, Sparky didn't need to sleep; he just plugged himself into a wall charger for an hour. Sparky's job was to keep the house tidy and help Leo with his homework. However, Sparky couldn't understand jokes. When Leo said, "I'm so hungry I could eat a horse," Sparky rushed to the kitchen to look for a horse! Leo

laughed and explained that it was just a figure of speech. Sparky processed the data and saved it. Even though he was a machine, Sparky was Leo's best friend and a great assistant.

**Answer the following Questions:**

1. What color were Sparky's eyes?
2. Why did Sparky look for a horse?

**True/False**

1. Sparky slept for eight hours.

**4. The Life of a Honeybee**

Honeybees are incredible insects that live in highly organized colonies. Each bee has a specific role. The Queen Bee is the most important because she lays all the eggs. Worker bees, which are all female, do the hard work. They forage for nectar and pollen from flowers to make honey. They also build the honeycomb using wax from their bodies. Drones are male bees whose only job is to mate with the Queen. When a worker bee finds a good source of food, she performs a "waggle dance" to tell the others where it is. Without bees, many of the fruits and vegetables we eat would not grow because bees are vital pollinators.

**Answer the following Questions:**

1. What is the Queen's main job?
2. How do bees communicate the location of food?

**Ture/false**

1. Drones build the honeycomb.
2. Worker bees are all male.

**MCQ:**

1. What do bees collect to make honey?

(a) Water (b) Nectar (c) Wax.

2. Why are bees vital?

(a) They dance (b) They are colorful (c) They pollinate plants.

**Vocabulary write meanings of:**

1. **Forage**

2. **Vital**

**5. The Psychology of Cognitive Bias**

Human decision-making is often less rational than we believe due to cognitive biases. These are systematic patterns of deviation from norm or rationality in judgment. One common example is "Confirmation Bias," where individuals favor information that confirms their existing beliefs while ignoring contradictory evidence. This creates "echo chambers," especially in the digital age where algorithms show us content we already agree with. Another is the "Dunning-Kruger Effect," where people with low ability at a task overestimate their competence because they lack the skill to recognize their own mistakes. Understanding these mental shortcuts is crucial for critical thinking. By acknowledging our inherent biases, we can strive for more objective analysis and make more informed choices in our personal and professional lives.

**Answer the following Questions:**

1. What is Confirmation Bias?

2. How do algorithms contribute to echo chambers?

**True/False**

1. Cognitive biases make us more rational.

2. The Dunning-Kruger effect involves overestimating one's skill.

**MCQ:**

1. What does "inherent" mean in the text?

(a) Learned (b) Natural/Inborn (c) Optional.

2. What is the goal of acknowledging biases?

(a) To ignore them (b) Better analysis (c) To stop thinking.
