

Holidays Homework

“We should live everyday like it is a holiday, being thankful and spending time with family and looking hopefully to the future”.

There is no doubt that vacations are the most appropriate time for the students to refresh and rejuvenate themselves to showcase their performance more enthusiastically. Children have ample energy which needs to be channelized in the right direction to get the best out of them.

Keeping this in mind the holiday homework has been designed to make them more observant and confident. Students must remember to complete all their Homework and submit it to the respective teachers upon their arrival at the school after vacations. **School will re-open on 6th July 2026.**
